## In Home Installation/Delivery Guidelines During COVID-19

To Our Valued Customers,

In order to provide you with In-Home delivery services when needed during the COVID pandemic, the following conditions will need to be adhered to during the delivery & installation process:

1. Upon entry, Workers **MUST** maintain a distance of at least 6 feet from customers and other individuals, whenever possible.
2. We respectfully request that customers remain physically separated from our workers (e.g., request that they go into a different room, level of the home, or outside if weather and applicable emergency orders permit), during the install itself, and communicate remotely with the worker (e.g., by cell phone, through internet-based payments, check left in an envelope etc.) If the customer must remain in the home - please wear a facecovering over nose and mouth **AT ALL TIMES**.
3. The workspace **MUST** be accessible and cleared of any existing furniture where the pieces being delivered will be going. Workers **MUST** have a clear path to get to the room furniture is being delivered to. Prior to our arrival, please remove all electronic equipment, wires, etc. Workers are not permitted to move any other existing furniture pieces to the curb or to the basement, etc.
4. We request that any shared spaces in the home have good air flow, such as by turning on an air conditioner or opening windows, weather permitting, consistent with CDC recommended precautions for people in households.
5. We reserve the right to stop work and leave unsafe work environments, especially if customers cannot maintain a safe distance from workers in the home, or who are experiencing signs and/or symptoms of COVID-19.

We thank you for your patience as we try to keep our customers and our staff safe and healthy during this time. Please direct any inquiries to the management: [Doorstore@doorstorecambridge.com](mailto:Doorstore@doorstorecambridge.com)

Thank you.
